All vegetable and flower seeds except Peas, Beans and Corn will be delivered free at the prices in this catalog. See rates for Peas, Beans and Corn on Page 2.

WE INSURE DELIVERY OF ALL PACKAGES

[illegible]

# FOREWORD

As a matter of economy and in keeping with our conservative policy of the past, we are not issuing our regular annual seed catalogue. It has been our custom for many years to publish an annual illustrated catalogue listing and describing our full line of Field, Flower and Garden Seeds, Implements, Poultry Supplies, etc. This year we are dispensing with the illustrations, descriptions and detail and substituting instead an inexpensive circular price list. By doing this we are saving an enormous overhead expense which would have to be added to the costs, and for this reason we are now enabled to allow our customers to benefit by the difference.

We wish to call your attention to the low prices in the following list of Garden Seeds and to point out that they are only made possible by our new policy of economy and the fact that we contract for our seed in great quantities.

For 41 years Saul's Seeds have stood the test, as our old friends and customers have confirmed by their continued patronage and good will. We are proud of our record for dependable seeds, which we have earned by diligent care and selection and for the fact that every lot of seed that enters our building or is carried over from one year to another is carefully tested for germination in our laboratory before it is offered for sale.

Saul's Seeds come to you packed in plain packages. No fancy colored lithographs, but larger quantities and better quality. Every 5 cent envelope, ounce, one-fourth pound and pound package is weighed up from the bulk at the time that the order is received. The only exception to this rule being in the case of one or two varieties of vegetable seeds, a few herbs and many flower seeds which are so small in size, light in weight and expensive in price and that it is impossible to weigh and have to be measured or counted to sell for small amounts. This is done before the seed season opens to save time. "Buy your seeds from the bulk and let your money pay for larger measure and fresher stock."

# Seeds Delivered Free by Parcel Post

We will deliver free, by parcel post or express (our option) all garden seeds (peas, beans and corn excepted) at the prices in this catalogue

When it is required that postage be added to the purchase price of any commodity, note the distance you are from Syracuse, see in which zone you live. It is then easy to estimate the exact amount of postage required by consulting the scale below.

Where it is just as convenient to have seeds reach you by express, please say so. We prefer to send them by that method, as it is safer and often cheaper.

DOMESTIC PARCEL POST RATES				First	Each
On Seeds, Plants, Bulbs, Roots, etc., within the U. S. and Possessions				lb. or	addit'l
				fract'n	lb. or
					fract'n
First Zone, Syracuse and within 50 miles of Syracuse.....				5c	1c
Second Zone within 50 to 150 " " "				5c	1c
Third Zone " 150 to 300 " " "				6c	2c
Fourth Zone " 300 to 600 " " "				7c	4c
Fifth Zone " 600 to 1000 " " "				8c	6c
Sixth Zone " 1000 to 1400 " " "				9c	8c
Seventh Zone " 1400 to 1800 " " "				11c	10c
Eighth Zone " all over 1800 " " "				12c	12c

**How to Order** Please be careful to sign your Name, Post Office, County, and State on each and every letter sent us. Cash should accompany the order. See instructions below on how to send money.

**You Run No Risk** in sending cash with order. My reputation as an honest and experienced Seedsman is well known, while my financial responsibility can be learned from any Bank, Trust Company, or Merchant who subscribes to either of the Commercial Agency Reports.

**Bags** 15 cents must be added for every  $\frac{1}{4}$  Bu. and 25 cents for 1 Bu. of seed ordered and 60 cents for every 1 Bu. or over to 2 Bu. lot, to cover cost of new bags in which to ship.

**Our Terms are Strictly Cash with the Order.** We do not send C. O. D., as the cost of collecting return charges is quite an unnecessary item of expense and the prices being given, we can conceive of no necessity to warrant goods being so sent.

**How to Send Money.** Remittances may be made at our risk by any of the following methods, viz.: Postal Money Order, Draft on New York or Chicago, or Express Company's Money Orders, or cash by Registered Letter. We accept clean postage stamps the same as cash.

The rates charged for Postal Money Orders and Express Money Orders are now so low that these are the best ways to remit. We will bear the expense of sending money in either of these ways. Deduct the cost of the order from amount sent. Express Money Orders can be obtained at all offices of the Principal Express Companies. They are cheap and absolutely safe.

**Pints and Quarts.** Pints, Quarts and Four Quarts, ordered at list prices, fifteen cents per quart, ten cents per pint, must be added for postage or express charges, and they will then be sent free.

**Guarantee.** Complaints made that seeds are not good, should quite as often be attributed to other causes as to the quality of the seeds. There are hundreds of contingencies continually arising to prevent the best seeds always giving satisfaction, such as sowing too deep, too shallow, in too wet or too dry soil; insects of all descriptions destroying the plants as soon as or before they appear; wet weather, cold weather, frosts, chemical changes in the seeds, induced by temperature, etc. For the above reasons it is impracticable to guarantee seeds under all circumstances.

We give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

February 1, 1921.

## Lawn Grass Seed

**Saul's Central Park Mixture.** This mixture is the result of years of mixing and testing lawn grasses. We have the correct combination adapted to suit most any soil or situation, and it will produce a rich, heavy, matted, deep rooted velvet lawn, in three or four weeks' time from sowing. Our Central Park Mixture is composed of heavy, choice, recleaed seeds, contains no chaff or weed seeds, and weighs much more than the legal weight per bushel. Price—1 lb. 25c, 5 lbs. \$1.00.

**Saul's Shady Mixture.** This is a combination of fine grasses which thrive under the shade of trees or buildings where there is little sun. It succeeds in shady places where others fail. The grasses stay green—do not die out—resist drought, because they are deep rooted. Price—1 lb. 25c, 5 lbs. \$1.00.

# PLANTS

At the time of going to press, it is impossible for us to list prices on Plants for the coming season, but we take this occasion to invite you, during the coming plant season, from April 15th or May 1st to July 1st, to write us for prices or call at our store and inspect our mammoth stock including among others the following plants.

## VEGETABLE PLANTS

### Cabbage

Early Jersey Wakefield  
Glory of Enkhuizen  
Copenhagen Market  
Danish Baldhead  
Red Cabbage

### Tomato

Chalk's Early Jewel  
John Baer  
Bonny Best  
Spark's Earliana  
Ponderosa  
Dwarf Champion

### Pepper

Bell or Bull Nose  
Cayenne  
Ruby King  
Sweet Mountain

### Celery

White Plume  
Golden Self Blanching

### Cauliflower

Early Snow Ball

### Egg Plant

Black Beauty

### Rhuebarb (Pie Plant)

Strawberry

### Chives

English

### Onion Sets

All Varieties

### Tobacco

Connecticut Seed Leaf

## FLOWERING PLANTS

Asters  
Pansies  
Phlox  
Petunia  
Sweet William  
Snap Dragons  
Salvia  
Mountain Daisies  
Geranium  
Silver Leaf

Snow-on-the-Mountain  
Kohlas  
Vincas  
Dracena  
Hardy Carnations  
Calla Lillies  
Verbena  
Cannas  
Peonie  
Wax Begonia

Sweet Alyssum  
Larkspur  
Ageratum  
Balloon Vine  
Dianthus (Pinks)  
Heliotrope  
Zinnia  
Portulaca  
Marigold  
Calendulas

## HOPS

They can be let to run on the garden fence, also make a very pretty arbor vine. From two to four bushels can be raised from twelve sets. After the first setting they will come up each year without resetting. All orders must be sent in on or before May 1st, 1921 to insure prompt shipment. Sent by Parcel Post prepaid. 12 sets \$1.00, 100 sets \$7.00, 1000 sets \$65.00.

# INSECTICIDES

**ARSENATE OF LEAD (Paste).** One of the safest and best insecticides for leaf-eating insects. It will not injure the most delicate foliage. One pound to ten gallons of water has been used on younger leaves without scorching or burning them. It adheres to the foliage for weeks. It is white in color; sprayed foliage may thus be distinguished from unsprayed at a glance. It can be used with Bordeaux Mixture, or Lime and Sulphur Solution. See directions on each package. 1 lb. 30c, 2 lbs. 55c, 5 lbs. \$1.25, 10 lbs. \$2.25, 25 lbs. \$5.25, 50 lbs. \$10.00, 100 lbs. \$18.00.

**ARSENATE OF LEAD (Powder).** It is more convenient to handle than the paste form and may be used for either liquid or dry applications. As it is double the strength of the paste form it is used at half the quantity. For use against all leaf and fruit eating insects on Apple, Pear, Plum, Cherry and Peach trees. Also Potatoes, Tobacco and other crops. 1 lb. 50c, 5 lbs. \$2.30.

**POWDERED CALCIUM ARSENATE.** For spraying Apples, Pears, Grapes, Potatoes, Garden Truck, etc., (not recommended for stone fruits or plants having tender foliage). It is a neutral, non-burning, light, dry Arsenate of Lime and is stronger and cheaper than Arsenate of Lead. Indorsed by the Department of Agriculture at Washington, D. C. 1 lb. 40c, 5 lbs. \$1.90.

**BLACK LEAF 40.** This excellent insecticide is a concentration of Nicotine Sulphate and is guaranteed to contain not less than 40% of nicotine by weight. Destroys aphids (plant lice), thrip, leaf hoppers and similar insect pests in the truck garden, orchard, flower garden, vineyard, etc. It has been highly recommended by Experiment Stations throughout the United States as a spray for soft-bodied sucking insects. May be combined with other sprays. Soluble in cold water. Does not clog the nozzle. 1 ounce bottle, 25c, makes 5 to 10 gallons; ½ lb. can, \$1.00, makes 40 to 100 gallons; 2 lb. can, \$3.25, makes 200 to 500 gallons; 10 lb. can, \$13.75, makes 840 to 2100 gallons.

**BORDEAUX MIXTURE.** (Powder form). This indispensable fungicide is used as a preventive against blight on fruit trees, potatoes, tomatoes and other truck crops. It can be used for either liquid or dry applications, is easy to apply and sticks well to the foliage, (not recommended for stone fruits or plants having tender foliage). 1 lb. 35c. Write for prices on larger lots.

**BORDEAUX AND PARIS GREEN COMPOUND.** (Powder form). For potato bugs, many plant-eating pests and blights, all in one operation. This combined fungicide and insecticide is easy to apply and sticks well to the foliage and has a tendency to keep it in a healthy condition. Can be used in

either liquid or dry form, (not recommended for stone fruits or plants with tender foliage). 1 lb. 50c. Write for prices on large lots.

**BUG DEATH.** Largely used instead of Paris Green. It is claimed to have the same effect, but is not poisonous to persons. It comes in powder form and is applied pure. Prevents blight and adheres readily to the vines; rain does not wash it off, also acts as a fertilizer and increases the yield as well as the quality. 1 lb. 25c, 3 lbs. 50c, 5 lbs. 75c, 12½ lbs. \$1.50, 100 lbs. \$9.50. Bug Death Dusters, 25c each.

**CAASCU (K. S. Q.)** Combines the most valuable properties of Paris Green and Bordeaux Mixture. It is neutral non-burning, light, dry Copper and Arsenic Insecticide and fungicide and is of the highest value for the protection of the farmer and home gardener against loss by the attacks of leaf-eating insects and fungus diseases upon Potatoes and General Truck Crops. Put up in powder form and may be used dry or as a liquid. 1 lb. 40c, 5 lbs. \$1.80.

**PARIS GREEN.** The old standby for potatoes. We handle nothing but pure Paris Green. Directions for use with each package. ¼ lb. 20c, ½ lb. 35c, 1 lb. 60c, 2 lbs. \$1.15.

**PYROX.** A combined Insecticide and Fungicide killing all leaf-eating insects and preventing most of the plant diseases that attack trees and plants. Used and recommended by the best authorities. Ask us for reports and testimonials. All ready to use by adding water. 10 pounds make 50 gallons of spray. 1 lb. 40c, 5 lbs. \$1.65, 10 lbs. \$2.50, 25 lbs. \$5.75, 50 lbs. \$10.75, 100 lbs. \$20.00.

**RED WING INSECT POWDER.** For the destruction of Roaches, Flies, Bed-bugs, Moths, Mosquitoes, Lice, Chicken Lice, Ants, Red Ants, Fleas, etc. Harmless to mankind and animals. Applied direct from patent belows-package. Small pkg. 10c, large pkg. 5c.

**SLUG SHOT.** A very popular and one of the best and cheapest powders for destroying insects. Especially fine for cucumbers and cabbages. Sure killer. Harmless to mankind and animals. 1 lb. 20c, 5 lbs. 60c.

**NIAGARA SOLUBLE SULPHUR.** For the control of San Jose Scale and Apple Scab, it excels both as a winter and summer spray. It dissolves instantly in cold or hot water, sticks like paint and leaves a fine waxy finish on the fruit. A 100 lb. drum of this powder makes as much diluted spray material as a 50 gal. bbl. of lime and sulphur solution weighing 600 lbs. No barrel to return. No crystallization. 1 lb. 30c, 5 lbs. \$1.00, 10 lbs. \$1.75, 25 lbs. \$3.25, 50 lbs. \$4.75, 100 lbs. \$8.00.

**TOBACCO DUST.** For dusting only. Excellent for Lettuce and other plants to destroy soft creeping insects. 1 lb. 10c, 100 lbs. \$6.00.

## STERLINGWORTH FLY DRIVER

This liquid completely protects cattle and horses from the torture of flies and all winged pests. It is non-poisonous, perfectly harmless and easily applied. It does not burn or gum the animal's coat, or contaminate the milk, and is equally good for horses as for cattle. It protects mostly by evaporation. The fumes from it do the work. The flies are driven before coming in contact with the animal. It saves double its cost in extra milk and is indorsed by farmers and dairymen everywhere. Prices, one quart can make two gallons of Fly Driver, 60c, two quarts can make four gallons, \$1.00.

# FERTILIZERS

## HONEST GRADE—RELIABLE

**Pure Bone Meal.** Fine for top dressing lawns and excellent for rose bushes; 400 to 600 lbs. per acre. Write for prices.

**Dried Blood.** For forcing; very rich. Write for prices.

**Ammoniated Bone Phosphate.** A high grade article; one of the best brands for immediate effect. Write for prices.

**Lister's "Success."** Designed especially for general use; farmers' fertilizer. Write for prices.

**Pure Sheep Manure.** Thoroughly pulverized and dried. No weed seeds in it. As a lawn dressing it is unequaled. Also much used for potting plants and greenhouse work. Write for prices.

## Poultry & Stock Foods, Supplies, etc.

## RAT CORN

Rat Corn is a new and scientific rat and mouse exterminator and kills without any bad, dangerous or disagreeable effects. Rats and mice eat it readily, and die without odor as it mummifies them. No matter where they die they simply dry up and positively do not smell. Rat Corn is easy to use, cheap and harmless to human beings and live stock. It will kill rats and mice where traps and other devices fail. Price 25c per can.

**ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE**

# FIELD SEEDS

Space does not permit us to describe our full line of Field seeds herein, therefore, we invite you to write us for prices and particulars of anything you may need or better still, to pay us a visit at our store. Our judgment in the selecting of Grass and Clover seeds, Barley, Corn, Oats, Rye, Wheat and other grains is backed by 41 years experience and we handle nothing but pure seed of high germination. Our famous Onondaga and Columbia brands have been on the market for over 30 years and are recognized by careful farmers as being leaders in both quality and price.

Write us now for samples and the latest quotations on Onondaga

**ONONDAGA BRAND**

or Columbia brand
